••EGGROLL CAFE is not-your-commoditized Asian eatery. We cook Asian homestyle foods, based on wholesome family recipes, those which we savored around the dinner table growing up. Many of our recipes were passed down through generations. We're not big fans of commercialized products. Our core ingredients are made the old-fashioned, goodness way - no added preservatives, flavorants or colorants, just simply Made with Luv. So come tempo down, mellow out and savor a brief escape from your work, your studies and the drabness of your daily routines. ••
